John Coyne – Increase take-home vehicle distance for emergency personnel

John Coyne said that he would like the council to consider increasing the allowable distance for take-home vehicles for emergency personnel to twenty miles. This would allow all except one police officer to drive a vehicle home which would decrease response time in emergencies. The council discussed the take home vehicle policy and other requests made by Chief Charles at the previous meeting. Chief Charles said that he had not had an opportunity to discuss the issues with Mayor Isley since the last meeting. James Hill said that he had researched the question of reduced supervision with the attorney general's office and with AMIC and recommended that the council consider Chief Charles' request to promote some patrol officers to sergeant even if there is no pay increase due to budget constraints. After discussion, David Jones made a motion to table the discussion until the next regular meeting so that the

mayor can participate in the discussion and so that Chief Charles can discuss his requests with the mayor. John Coyne seconded the motion. All voted aye.
